

3 July 2008

Report Modifications 2008-09

AWEX wishes to update Members and Subscribers with a series of enhancements to reports for the 08/09 Season.

1. Clip Inpection and Catalogue Audit Reports (Pre Sale)

- From July 1, Buyer and Seller Clip Inspection and Catalogue Audit reports will now exclude lots that are transmitted/printed in the catalogue by the Seller as "D" and "B" wool preparation categories.
- Copies of the Daily Buyer Clip Inspection and Catalogue Audit Reports distributed in the sale room will now be limited to lots with Scale 3 clip inspection faults. The full list (of all issues) will continue to be sent pre sale each day by e-mail.

2. Registered Classing House Corrective Action Reports (Post Sale)

- Corrective Action reports to Registered Classing Houses will now be consigned at the end of each month, rather than weekly. This report will detail each lot with issues raised during the month, with progressive performance indicators (annualised and monthly). This approach will be more effective as trends in classing house issues will be more apparent.

3. Five Week Forecast (FWF)

- The Five Week Forecast now includes a calculated Reoffer percentage for sales in the current week.
- AWEX will be trialling two additional distribution types on the Five Week Forecast this season: (a) HTML in the body of the e-mail, and (b) hyperlink access via e-mail.
- AWEX is considering a request from NASC to publish 3 estimates only on the Five Week Forecast.

4. National Market Report (NMR)

- Subscribers to AWEX National Market Report will now receive an interim National Report (with Eastern Indicators) on sale days when Fremantle selling is expected to delay the final report. This will result in more timely delivery for subscribers wanting to process Eastern level information only.

5. Weekly Market Report (WMR)

- A survey will be attached to the Week 01 Weekly Market Report, seeking feedback from subscribers on the WMR content.

6. Monthly DMFR Report

- The personalised Monthly DMFR performance report to Sellers is now in production and is issued to sellers by e-mail free of charge.

7. Mulesing Status Report

- The daily report to buyers listing lots in each centre with Mulesing Status declarations will continue to be published when the Mulesing Status field is formally implemented from July 21. Buyers wanting to receive this e-mail list should contact their AWEX Regional representative. It is supplied free of charge.

8. Re-Publication (AWEX market information)

- Subscribers are reminded that re-publication of AWEX market information (in full or part) via free or subscription services (such as web sites, or reports) is subject to payment of a republication subscription.
For more information please contact Lionel Plunkett on 02 9428 6136.

9. Premium and Discount Report – Title change

- The *Premium and Discount* report will be renamed to the *Price Relativity* report.

10. Appraiser Agreement Reports

- Weekly Appraiser Agreement Reports are being reviewed for content and delivery time.

11. Spearwood Selling Centre Sale Results

- Subscribers to AWEX Online (Gallery) and E2 Auction Viewer/LPB feeds will notice an improvement in sale result updates from the Spearwood Wool Selling Centre. A new web service has been implemented allowing updates from the centre to AWEX Lane Cove every minute. This direct data feed now offers performance equal to that of all other sale sites.

12. Daily/Weekly/Annual Buyers Lists

- From time to time, AWEX receives requests from Buyer Members to publish the Transfer (Invoice) Buyer rather than the Room Buyer (Bidder). AWEX does accommodate these requests, subject to the following prerequisites:
 - Both Room and Transfer buyer have agreed to this change, and
 - That transfers must exist on our systems.

A change made to Reporting Buyer is not immediate as over 16 public reports need to be updated. Due to work required a small charge will be applied to the applicant.

13. AWEX Online

- A number of new reports have been released to AWEX Online for Season 2008/09.
 - Pre sale Reoffer and Age Summary (Pre Sale Section)
 - Members Section (Annual Statistics)

14. Annual Wool Statistics Handbook

- The AWEX Wool Statistics Handbook 2007/08 will be released to Members in softcopy early in the 2008/09 Season.
