## INDUSTRY SERVICES ADVISORY COMMITTEE (ISAC)

### Notice of Meeting

Members are advised that the next meeting of the ISAC Committee is scheduled for:

**9.30am on Friday 6<sup>th</sup> February 2009**

### Agenda

Industry stakeholders are reminded that two issues will be considered in depth at the next ISAC meeting to be held on Friday 6<sup>th</sup> February 2009. These are:

- **Annual Review of the National Wool Declaration.**  
This will give consideration to the initial release of the NWD, its content, extension and uptake, as well as how it is being received by all sectors of the industry.
- **Triennial Review of the Woolclasser Code of Practice.**  
The standard of wool preparation is important to the Australian wool industry as how wool is prepared determines the potential future use of and competition for a clip.

Members are strongly encouraged to provide feedback for the Review of the National Wool Declaration and/or the Review of the Code of Practice. All submissions must include the name and address of the author/organisation along with the topic and its background. Items should be lodged in writing (by letter, fax or email) by the close of business on **Wednesday 28<sup>th</sup> January 2009.**
